

# THE CAMPUS MISSIONARY

Multi-year Discipleship Track

A Campus Missionary is a student who shares Jesus. Use this missional discipleship track to grow students in their skills and abilities to share the Gospel. It is designed to move the campus missionary from an introductory knowledge of sharing the Gospel to an advanced ability to lead others to God. You can follow the sequence of years outlined below, or you can move the years around based on the needs and growth of your youth ministry. This discipleship track is designed to be implemented during the back-to-school season of each year, as it is the most opportune time to equip students and inspire them to share the Gospel at school and beyond.

## Year 1 - The Message

Summary: This is the introductory way to inspire and train Campus Missionaries to share the **message** of the Gospel using *Alive in 5*. This is foundational, and we believe *Alive in 5* should be re-emphasized each year as the way to share the Gospel.

Resources to use:

- *Alive in 5* graphics, booklets, sermon & small group series, and other materials available at [www.youthalive.com](http://www.youthalive.com)
- FireBible Youth Alive Edition. This also contains *Alive in 5*. Available to order from [www.myhealthychurch.com](http://www.myhealthychurch.com)
- Five Friend Focus, available at [www.youthalive.com](http://www.youthalive.com).

## Year 2 - The Methods

Summary: Challenge and train students to use different **methods** to share the Gospel at school and beyond. You can challenge students to try a different method each month of the school year, or to experiment with the methods until they discover the method that works best for them. Re-emphasize *Alive in 5* as part of the back-to-school push.

Resources to use:

- *The Campus Missionary Guidebook*. Available starting August 2025 at [www.myhealthychurch.com](http://www.myhealthychurch.com).
